I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: Please do not take the ability to choose what I put into my body away from me. You will greatly be affecting the quality of my life for the worst. I take responsibility for my health and wish to maintain a quality life. If you pass this law you will be hindering my ability to do this. The services I receive from the specialty pharmacy I use I can not receive from any local pharmacy.

Very disturbed,

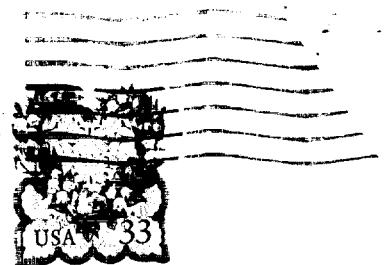

Patricia Capotosto
